RE: Consultation Paper-Transmission pricing methodology - Cross Submission

King Country Energy (KCE) appreciates the opportunity to provide a cross submission on this process.

We have reviewed the submissions and discussed the wide variety of issues raised and **fully support the Transpower submission.**

While a number of their concerns align with ours, there are some that don't, but we believe that on balance they provide the most logical submission.

We welcome the opportunity to discuss this issue at any time.

Kind Regards

A handwritten signature in blue ink, appearing to read 'Chris Fincham', with a long horizontal stroke extending to the right.

Chris Fincham

General Manager – King Country Energy
